## About Us:

Founded in 1894 as The Andover Village Improvement Society, AVIS is one of the oldest land conservation organizations in the country.

AVIS manages more than 30 reservations comprising more than 1,200 acres in the Town of Andover. It relies on a corps of volunteers to lead the organization and to provide maintenance of its recreational trails and stewardship for the land and its wildlife habitat. Donations from community members and grant sources provide the funds to acquire, protect and manage its reservations.

### LAND ACKNOWLEDGEMENT

We acknowledge that AVIS reservations are located on the ancestral land of the Pennacook, Pawtucket, and other Indigenous people, which was their home for more than 10,000 years. We honor the land we manage and all the Indigenous people who were here before, are here now, and will be here in the future. We recognize that we are all guests on this land and are mindful of our impact. With this acknowledgement, we commit to continuously care for this land, using sustainable practices to protect the environment and provide stewardship for the ecology and habitat of AVIS reservations.

## THE IMPORTANCE OF THE OUTDOORS

"I felt my lungs inflate with the onrush of scenery- air, mountains, trees, people. I thought, 'this is what it is to be happy'"  
 - Sylvia Plath

Nature is a healthy way to cope with the stress of real life. In a society where the majority of the population work indoors, exposure to the benefits of nature are limited. Getting outdoors can contribute to physical wellness, mental wellness, and wellness in communities. According to Michelle Kondo, a research social scientist with the USDA Forest Service's Northern Research Station, "Wellness is wholistic in that it is comprised of physical and mental health as well as the health of our communities...All of these benefits add up and reduce adverse impacts on our bodies, and have restorative characteristics. So get outdoors and enjoy nature's gift of wellness".

## PURDON AND LUPINE RESERVATION MAP

# Purdon and Lupine Reservations

"AVIS manages its reservations to protect native habitat and provide opportunities for the public to experience, enjoy and learn about nature through passive recreation."

ARTWORK BY AHS STUDENT, BORI KIM

### Features:

The Lupine Reservation offers multiple spots for fishing along the Shawsheen River as well as a view of a beautiful 19th-century stone arch railroad bridge. The Purdon reservation also has a natural amphitheater (open air theater).

### History:

The original five acres of the Purdon Reservation was a gift to AVIS from Susanne Smith Purdon in 1964. In 2001, AVIS added on to the Purdon Reservation with the purchase of 4.4 acres of adjacent land from the Estate of Celia Kutz. In 1843, Purdon Reservation's natural amphitheater was the site of a speech by Daniel Webster. To an audience of thousands, Webster spoke eloquently of his reunification with the Whig party and of the upcoming presidential campaign. Lupine Reservation has a plaque near the remaining piers of the Andover Canoe Club, circa 1910.
